Roll All Day

Ice Cube

I got a full tank of unleaded
I got a full tank of unleaded
I got a full tank of unleaded
I got a full tank of unleaded
Now we could roll all day, if I could ride all night
I got a full tank of unleaded
Now we could roll all day, if I could ride all night
I got a full tank of unleaded
I see you walkin' and I'm damn near stalkin'
You a chicken head and I'm chicken hawkin', now we talkin'
'Bout your unlucky background
And how your ex-boyfriend is smokin' crack now
(Why)
I'm very very sympathetic but baby where you headed?
I got a full tank of unleaded
She got in and had ass for days like
Boom, bam, goddamn
She asks me would I harm her, no, I'm a charmer
A fuckin' night in shining armor
We went out and had a blast, every time she walked past
Nigga got a quick fast glimpse of that ass
(What choo wanna do after this?)
I wanna get your tities in my fist
But you wanna kiss
Your mouth might taste like dick
And I grew up on bearin' wit, trick
Now we could roll all day, if I could ride all night
I got a full tank of unleaded
Now we could roll all day, if I could ride all night
I got a full tank of unleaded
Niggas that I know don't kiss no hoes
(No)
Niggas that I know don't buy no clothes
(No)
Niggas that I know don't fuck no pros
(No)
Niggas that I know roll foots in fours
(Yeah)
Pull them panties off your hips, pussy deep as crips

And 'bout as wide as my grip
Never ever get me with that wipper feel
They got a pants full of black steel, am I too real?
You like dick I know you do wanna bring out the hoe in you
I know what you're goin' through
You already think you're cree-al
You should learn to suck this like Vanessa Del Rio
Aww, you thought I was a nice guy
But shit, I was around eight, with bitches gettin' laid
If I wrap my dick in plastic
Now, how wide can that ass get? It's gettin' drastic
Now we could roll all day, if I could ride all night
I got a full tank of unleaded
Now we could roll all day, if I could ride all night
I got a full tank of unleaded
Should of picked up an old girl that I know
That's what I get for fucking with you young hoes
About to get an attitude, what's happenin'?
Baby how you actin'? Let's get it crackin'
(C'mon)
No? Well then bitch you got to go
I put her ass out, on imperial
Hoe slammed my door, next to Texico
Kick my lexo, broke my window
Put out my indo, jumped out and said, "Bitch are you crazy?"
Fucked around and got lazy
She jumped in my car, took off, now I'm stuck
And all I want to do was fuck
(Damn)
I had to stroll all day, I had to walk all night
I had a full tank of unleaded
I had to stroll all day, I had to walk all night
I had a full tank of unleaded
