Goodbye

Die Happy

Love - a fairytale in my old book of fantasy
trust - but better control before you want to believe
warmth - you're totally hot or out there in the cold
wrong is what I was thinking
Say, that I am your girl and that you love me only
time, is rushing away and you're still not here with me
cool, I should be when you say that you don't like my hair
why, am I even with you, why d' I stay?OUR LOVE IS HISTORY
CAUSE YOU DON'T CARE FOR ME
I'M LEAVING, THIS IS GOODBYE, GOODBYE yeah
YOU'RE NEVER BY MY SIDE
I WANT TO LIVE MY LIFE
THIS IS THE END, CAN'T YOU SEE ITSay, that all is ok and that you are still my man
time, is slipping away and you are not here again
cold, is your face when you're talking about our life
why?
"Are you my lover...
...or is it more???"
I should have known
that it was wrong
to think that love is everlasting
"I should have never been together with you!"
You were mine and I thought
I could be anytime alone
you were mine and I thought
this is love
But it's now that the story is dead
I will never be sad
you were playing with me
Love is all that I wanted and it's all that I feel, I am losing you
padapapa - I'm free, yeahall the time
why didn't you ever say
you prefer the other way
you're not like the other guys around
