

# Happy New Year Baby

Neil Sedaka

Another year is almost through,  
It's new year's eve and I'm with you,  
Happy happy new year baby,  
It's been a year I won't forget. So many things I recall,  
The joy of spring, the thrill of fall,  
Happy happy new year baby,  
It's been a year I won't forget. Tick tock, two lovers watch the clock  
As the old year slowly slips away.  
I pray, one year from today,  
We'll be embracin' in the same old way. Now's the time, dim the light,  
It's twelve o'clock so hold me tight,  
Happy happy new year baby,  
It's been a year I won't forget.
