

# The Coast Is Clear

Cece Winans

[Chorus:]

Come rest your soul, the presence of God is here now  
The coast is clear, you dont even have to worry  
The truth is that HE's on your side  
His love was given as a guide  
What's left to fear, HE's saving you  
Leave ur fears behind

[2x]

Oh weeping brother, why are you crying  
Wipe ur tears away from ur eyes and  
See the glory, that lives within you  
Take the perfect peace that only God can give you

Oh weeping brother, why are you crying  
Wipe ur tears away from ur eyes and  
See the glory, that lives within you  
Take the perfect peace that only Him can give you

[Chorus]

To all the weary and heavy laden,  
Cast ur fears on Him  
So you can breathe again  
The time is right now  
No hesitation  
Claim the victory enjoy the celebration

Because of Him we don't have to fear the dark night  
Because of Him we can dance up in the sunlight  
Because of Him everyday is a testimony  
So lift ur hands and give Him glory  
He is worth our praise

[2x]

Sing it with me one more time

Because of Him we dont have to fear the dark night  
Because of Him we can dance up in the sunlight  
Because of Him everyday is HALLELUJAH  
Sing it loud now HALLELUJAH

He is worth our praise

[Chorus]

[Till fade]
