Problem

Boosie Badazz

95 max on dope boy cologne on (Creed)
And I ain't talking 'bout the movie (This ain't no movie)
Bad bitches on my black phone
Murder on the trap phone
30 chains on me like I'm Gucci
Bitch you got a problem
Ain't nobody solving it
Bitch you got a problem
Ain't nobody solving it
Bitch you got a problem
Ain't nobody solving it
Mix with goons and gobblings
I've been fucking with a problemI'mma a way down nigga in the state of Louisiana
Got more respect than any rapper
I'm Nick Saban in Alabama
I got guns but not for cameras
The new man up in Atlanta
I'm the strap on your lap
I'm the Act in the Phantom
I'm too hot to hot to handle
The police hate my guts
'Cause the niggas kicking dust
They was raised by us, what the fuck
The front page of the paper
Backside in the middle
On parole still can't get me
Now to ride with my pistol
