Great Provider

Mariachi El Bronx

Children it's time to move on
'Cause our great provider is gone
And soon we'll need something to eat
As sure as the shoes on our feetFasten yourself to your seat
Tomorrow will seem out of reach
Don't let it discourage your dream
I promise you'll get what you need'Cause life isn't tragic, love is just being ignored
And faith isn't magic, but it's keeping my foot in the doorChildren it's time to move on
'Cause our great provider is gone
(x2)
