

Don't Say It Baby

Dusty Springfield

(Don't say it, baby)
(Don't say it, baby)
Don't say it, baby
Don't say it's only me for you
It's not true
I'm still young, and there's so much I want to do
(Don't say it, baby)
(Don't say it, baby)Don't say it, baby
Don't say the word that you'll regret
Don't forget
I'm a girl who's learned to take what she can get
(Don't say it, baby)Today I could never belong to one boy
(One boy)
And while you wait for tomorrow
You'll find your heart broken in twoDon't say it, baby
Don't be a fool for anyone
Have your fun
Go away
Live every day while you're young
(Don't say it, baby)
