

Some Kinda Good Kinda Hold on Me

Toby Keith

Chorus:

She's got some kinda good kinda hold on me
She's some kinda fine sho-nuff sweet
Wrapped up in her love is I wanna be
She's got some kinda good kinda hold on me I can't get enough of my baby's huggin' and kissin'
I never knew a girl who could do what she's doing to me
With just one touch she cast a spell
I'm tangled up, I can't help myself Repeat Chorus The boys call me up and want to tell me
About the fun I've been missing
They want to know why I let her keep me under
Lock and key
But I got what they're looking for
When she gets me behind close doors
Repeat Chorus
Repeat Chorus
