What's Life Like

Raphael Saadiq

What's life like livin' without a soul?
What's life like if you're livin' without a goal?
What's life like if you don't even talk to your best friend?
(What's life like?)
What's life like if you never lend a helpin' hand?
(What's life like?)What's life like if you can't smell a rose?
(What's life like? What's life like? What's life like?)
What's life like if you're always posin'?
(Posin')
And what's life like if you live out of your window?
(What's life like?)(What's life like?)
What's life like if you never touch the world?
(Touch the world)
What's life like if you're never sayin' hi to boys and girls?
(What's life like?)
What's life like if you're livin' on the Internet, never touching a world?
(What's life like?)You've gotta be real with yourself
(What's life like?)
'Cause you're livin' in a jaded world
