

# You Used To Love

**Faith Evans**

[Chorus] I remember the days, you used to love me I remember the way, you used to love me [Verse] You don't appreciate the time Thinking it's alright to let me down I put into this love affair of ours baby I couldn't let you walk around [Chorus] I gave you all my precious love [Verse] And anything you wanted from me You didn't hear me calling out You can't deny what I'm feeling is real Calling for your warm affection after all this time And I stood around, stood by your side Went through all the hurt and pain And you turned and walked away [Chorus] Can't give up on the way you used to give it to me What a feeling it's for real Give it to me You didn't hear me calling out [Chorus] Now your love has gone away And that's not what love's about I remember you used to love me You used to love me every day I remember I remember [Chorus]
