

# Shake Your Halo Down

## Shudder To Think

Dip a cloth in a bowl of blood lean your horses hide with it. Stick a  
fish in a tattoo  
gun watch what color ink comes out. Die gin bottle wedged in wet hand  
Best at  
what I do, mom says. Shake your halo down like snow from a pregnant  
cloud  
about to blow. Makes a neckbrace, a belt. and then a hole in the ground.
