Magical Machine

Brooke Fraser

Iâ€™m your telescope
Help you see other worlds up close
Iâ€™m your submarine
Youâ€™ll explore where youâ€™ve never been
Iâ€™m your ticking clock
Hold my hands and the time will stop
Iâ€™m your megaphone
Turn you up â€˜til the neighbours moan

Power me on
Light on demand
Iâ€™m your magical machine
We can dream digital dreams
Power me on
Control and command
Iâ€™m your magical machine
Iâ€™ll be yours if you let me

Iâ€™m your MRI
Show you whatâ€™s going on inside
Iâ€™m your ATM
Take what you like my supply wonâ€™t end
Iâ€™m your MP3
I get sad when you donâ€™t pay for me
Iâ€™m your IED
Carry me very carefully

Power me on
Light on demand
Iâ€™m your magical machine
We can dream digit dreams
Power me on
Control and command
Iâ€™m your magical machine
Iâ€™ll be yours if you let me
Iâ€™m wires and welding
Preset to auto
But if I wasnâ€™t you would never know
Iâ€™m wires and welding

Preset to auto
But if I wasnâ€™t you would never know

Power me on
Light on demand
Iâ€™m your magical machine
We can dream digit dreams
Power me on
Control and command
Iâ€™m your magical machine
Iâ€™ll be yours if you let me
