

# Sun Fading

## Paradise Lost

Got a right to show you how I feel  
Got a right the truth I can't conceal  
Gotta lie to show you some appeal  
Gotta lie to cherish all that's real

Sun fades in some way  
Enter tragedy  
Some where there's some way  
Like all you ever dreamed

Got a mind to show you how I feel  
Criticise the smallest of ordeals  
Gotta try to show you how to fear  
Gotta try to make you disappear

Sun fades in some way  
Enter tragedy  
Some where there's some way  
Like all you ever dreamed

Sun fading  
Sun fading
