Mayday

Amen

Hey you with your head held high
Inbred on the 4thof July
Said you situation low
Burnt down everything you know
Shut it
Said you did your nation pride
Born dead on the 4thof July
Said you situation low
Burnt down everyone you know

'Cause I just turn to bitches who always deny
'Cause I just fuck on a page of the bible
Mayday, I don't feel alive
Cause I was born in America on the 4thof July

Said you with your breastfed lies
Your mother's cunt is open wide
Said you crawling backing low
Burnt down everyone you know

'Cause I just burn these bitches who always deny
See this porno's based on survival
Mayday, I don't feel alive
'Cause I was born in America on the 4thof lies

Fuck your history buried in lies
Buried alive, barely alive
Reclaim your life
Barely

Take your bible, burn it alive
Take your money, burn it alive
Take your life, burn it alive
Buried alive, buried in lies
Mayday
Barley alive on
