

Cookie Cutter (Instrumental)

Pretty Ricky

Whoa, yeah
Whoa, yeah
Whoa, yeah
Whoa
Yeah let's go Never in my life
Felt this way
Had to pinch myself twice
Can't believe how you look tonight Feels like I'm livin' a fantasy
'Cause honestly you are like
Ten million stars
You're so bright Shine so hard no need for sunlight
Don't you move girl
'Cause I've been waiting for this day to come Shawty no way
No other girl does it better than you
She got seven on them sixes
With hello kitty seats
Drop it low if you got dunk in the trunk girl (Chorus)
She's explosive
I'm not afraid to let her know it
I'm never gonna let her to
Step to the average you
She's not a cookie cutter
One and only
I can never let her go
I swear to tell the girl the truth
A step above the average you
She's not a cookie cutter (Bridge)
Cutter, she's not your cookie cutter
Cookie cutter cutter
I gotta gotta gotta have her
And I gotta cut her
Gotta cut her
Gotta have her
Yeah I gotta have her
She's not a cookie cutter Shoulda' let her know
That she's on another level
Nothing compares to my angel I can't even describe what she does to me
But I try to explain
Words get in the way Romance showed up to my baby

Makes me feel like I'm super human
I feel I could fly Shawty no way
No other girl does it better than you She got seven on them sixes
With hello kitty seats
Drop it low if you got dunk in the trunk girl She's explosive
I'm not afraid to let her know it
I'm never gonna let her to
Step to the average you
She's not a cookie cutter
One and only
I can never let her go
I swear to tell the girl the truth
A step above the average you
She's not a cookie cutter Woohooooo...
Hey, hey, hey, hey
She's not a cookie cutter Cutter, she's not your cookie cutter
Cookie cutter cutter
I gotta gotta gotta have her
And I gotta cut her
Gotta cut her
Gotta have her
Yeah I gotta have her She's not a cookie cutter
Yeah, who could understand
You the different type
Even one in a mill
You one of a kind
I love it how you do it
Cause you do it just right Can't help it but be glad
That you're mine Uhh, shawty, if you pretty say pretty ricky
Shawty, if you pretty say pretty ricky Pretty pretty ricky
Pretty ricky
Pretty pretty ricky
Pretty ricky Never in my life
Felt this way
Had to pinch myself twice
Can't believe how you look tonight A fantasy
'Cause honestly you are She's explosive
I'm not afraid to let her know it
I'm never gonna let her to
Step to the average you
She's not a cookie cutter
One and only
I can never let her go
I swear to tell the girl the truth
A step above the average you

She's not a cookie cutterCutter, she's not your cookie cutter

Cookie cutter cutter

I gotta gotta gotta have her

And I gotta cut her

Gotta cut her

Gotta have her

Yeah I gotta have her

She's not a cookie cutter girl
