

Feelin' Single and Seein' Double

Chely Wright

Well I really had a ball last night
I held all the pretty boys tight
I was feelin' single, seein' double
Wound up in a whole lot of trouble
But today I'll face the big fight
But I really had a ball last night When I came home from work this mornin'
My baby was feelin' low
And he told me what was on his mind
Then he told me where I could go Well I didn't go where he told me too
'Cause the water was cold in the lake
Now there's somethin' fishy 'bout this whole deal
I don't see where I made my mistake But I really had a ball last night
I held all the pretty boys tight
I was feelin' single, seein' double
Wound up in a whole lot of trouble
But today I'll face the big fight
But I really had a ball last night When I woke up this mornin'
Like me the sun was high
Well I started walkin' the long way home
Just to think of an alibi Well I couldn't think of a doggone thing
That hadn't already been said
So I guess I better just play it by ear
For I'm already dead But I really had a ball last night
I held all the pretty boys tight
I was feelin' single, seein' double
Wound up in a whole lot of trouble
And today I'll face the big fight
But I really had a ball last night
But today I'll face the big fight
But I really had a ball last night
