Mercury Shadow

Soilwork

Advisory - the following lyrics contain explicit language:

Breakdown of a shadow unknown
Tomorrow belongs to no one
As I repent the things I've done
There is a freeway heading for sorrowBreakdown 'cause you've had enough
You've never felt so strong
Steal away, steal away, let it all astray
It's been so longWe know how to spit or swallow
Bring out the mercury shadowThere comes a time
With a feast on what used to be mine
Sent from the front to the back
All in numbers and hellish blackThere comes a time
With a feast on what used to be mine
Sent from the front to the back
All in numbers and hellish blackWe know how to spit or swallow
Bring out the mercury shadowIs this the statement that I feel?
Accused to be an unbelieverHit the lights and won't you please resign
Way down and right on timeIs this the statement that I feel?
Accused to be an unbelieverWon't you shut all the doors in mind
The ones you cannot find
There is no way that I can see
Why you keep on haunting meWe know how to spit or swallow
Bring out the mercury shadowWe know how to spit or swallow
Bring out the mercury shadowWe know how to spit or swallow
Bring out the mercury shadow
