

# Goin' Down

Cru

Aiyyo on a midnight creep through a New York  
Project  
Wit my ghetto tech, blastin, Protect Ya Neck  
With my chicken head major ass cheeks bow  
Punk niggas lookin at me with the rocks and they gold  
Now why you all up in my shit lookin hard  
Aiyyo go 'head with that kid before I kick my hit squad  
You don't want none son I see you everyday  
You that punk that be up in apartment 4A  
Aww shit, niggas tryin to scheme  
I can tell, what the hell  
Call my nigga Shah on the cell  
Ya Shah?  
Petey?  
Yo they tryin to get the nigga  
Where you at?  
Up in L.I.P., across from Bronx River  
Short Puerto Rican looked it kinda slow  
Spittin when he talk from a mouth full of gold  
I'm holdin by that  
Just be out  
Nigga stop ditchin, join 60 lickin in the kitchen  
It's goin down, down down down  
It's goin down, boogie boogie down  
Nigga  
It's goin down  
Boogie boogie down  
Boogie boogie boogie boogie down  
Down down  
Come here daddy  
What's the matter?  
Don't be upset, just get a little closer  
Uh huh, uh uh, mmm, mmm  
Oh shit, that's better, stick 'em up boo, bitch  
Right there, right there, motherfucka oYo it's a known fact that kid talk too much  
And from the chrome black he about to get touched  
Quick with his tongue, livin on the fast track  
What goes around comes, Mighty Ha, and that's that  
I can dig it, ain't go no time for weed hoppers  
Blowin up in front of the girls to get proppers  
But I got somethin for that ass no doubt

Aiyo when Shah get up in here, I blaze it then I'm out  
Now I'm sip this Becks, while my bitch give me hed  
Her little son woke up, he pissed in the bed  
Aiyo turn shit over and go to sleep  
This nigga Shah said, No weap, shit is mad deep, Who dat?  
Motherfucka open the door, the God just licked  
This nigga head knob  
Yo shorties down stairs with that nigga Mighty Ha  
Remind of you son?  
Yo Par, they they are  
Yo Shah  
Problem nigga, I solve him  
Whatever punk ass nigga  
I hope you got insurence big fella  
Fuck that  
What to protect ya gut  
Bitch ass what, I guess you didn't hear how I  
Don't give a uck  
Then ring  
Ring it, I'm in your project  
Where my at?  
What? Bout to turn shit to Lebanon then I'm gone  
Then it's on  
Yo Niggas best duck before I buck  
The nigga what what what what, then nigga what?
