Bring 'Em Out

[Hawk Nelson](#)

All the girls and the boys
And people making noise
Just let me hear you shout
(Bring 'em out, bring 'em out)Pump up your fist
If you twist like this
'Til the lights go out
(Bring 'em out, bring 'em out)All the girls and the boys
And people making noise
Just let me hear you shout
(Bring 'em out, bring 'em out)Pump up your fist
If you twist like this
'Til the lights go out
(Bring 'em out, bring 'em out)Katie, I don't know why I even try
'Cause lately, you're always out with other guys
Pretty baby, don't you know I'll treat you right
I'll go crazy, if you pass me up tonightHey, hey, hey hey
Hey, hey, hey hey, heyAll this time can't get it off my mind
Dance the night away, keep rocking with me
The groove's alright, rocking all night
I wanna hear you sayAll the girls and the boys
And people making noise
Just let me hear you shout
(Bring 'em out, bring 'em out)Pump up your fist
If you twist like this
'Til the lights go out
(Bring 'em out, bring 'em out)Wake up, I'm calling you up, I need a ride
We're gonna shake up
So hurry it up, no wasted timeThe girls in their makeup
(In black and white)
Exchanging looks tonight
I just ran into some other friends of mine
Someone's coming 'round to pick them up at nineHey, hey, hey hey
Hey, hey, hey hey, heyAll this time can't get it off my mind
Dance the night away, keep rocking with me
The grooves alright, rocking all night
I wanna hear you say
Hey, hey, heyAll this time can't get it off my mind
Dance the night away, keep rocking with me
The grooves alright, rocking all nightShake it, shake it up until we break it

We won't stop till we just can't take itEverybody move to the beat, come on
Everybody move to the beat, come on
Everybody rock to the break of dawn
Everybody else just sing alongEverybody move to the beat, come on
