

No Cabaret

VHS or Beta

Shake, shake, shake
Around the funeral fire
Take, take, take
A breath for every liar
So no, no, no, no one's here to see
These things we don't believe
These things that should be free
These things that keep us free
1, 2, 3, 4, out the door
We don't need this anymore
With our feet here on the floor
No matter what's in store, no cabaret
Play, play, play
Until your hearts desire
Stay, stay, stay
And we won't ever tire
No, no, no, no one's here to see
These things we don't believe
These things that should be free
These things that keep us free
1, 2, 3, 4, out the door
We don't need this anymore
With our feet here on the floor
No matter what's in store, no cabaret
Shake, shake, shake
Around the funeral fire
Take, take, take
A breath for every liar
No, no, no, no one's here to see
These things we don't believe
These things that should be free
These things that keep us free
1, 2, 3, 4, out the door
We don't need this anymore
With our feet here on the floor
No matter what's in store
1, 2, 3, 4, out the door
We don't need this anymore
With our feet here on the floor
No matter what's in store, no cabaret
