

# Who Must Die?

## Sepultura

Who decides who lives in this world?  
Who decides who dies in this world?  
More efficient ways of execution  
This is not a type of resolution  
Who dares to throw the first rock?  
Who believes in justice being done?  
More efficient ways to confess  
We got to know the truth no less  
Premeditated, calculated, precise  
Created cases based on races  
Exchanging life for lies Who denies the right to defend?  
Who decides what crime is a sin?  
This is not a way to convict  
It's just another way to conflict  
Who provides the time for a chance?  
What case will fall in wrong hands?  
More efficient ways to confess  
We got to know the truth no less Murder, in the first degree  
Murder, it's only revenge  
Murder, why , why  
Are we so righteous to declare that one must die Premeditated, calculated, precise  
Created cases based on races  
Exchanging life for lies Murder, in the first degree  
Murder, it's only revenge  
Murder, why , why  
Are we so righteous to declare that one must die Examples being made, in a way creating an endless cycle of  
violence  
Have we become what we've hated most about ourselves?  
When mistakes are being made, who is going to be the one to blame?  
Who is gonna pay that final price? Who will pay the final price?  
Are we so righteous to declare that one must die?
