

My Old Man

Advisory - the following lyrics contain explicit language:

Me and my old man
Don't see eye to eye
We take our walks outside
Underneath the birch trees He said, "I think it's gonna freeze this year"
I said, "I gotta get away from here"
Me and my old man
Me and my old man Should've been enough to know
That you'd let us all down
Could've been enough to try
Without making a sound It's all part of the plan my dear
It's all part of the plan my dear So we walked along the mending wall
Laid beneath the tortured talls
And we sang a song of newfound cheer
Laughed at the passing years Yeah we talked about things to come
Talked about the battles won
He said "I think it's gonna freeze this year"
I said "I gotta get away from here" Should've been enough to know
That you'd let us all down
Could've been enough to try
Could've been enough to try Oh I've been such a fool
Spent my life waiting for you
Through these trees I see
With my father's eyes I realize the weight Should've been enough to know
That you'd let us all down
Could've been enough to try
Without making a sound It's all part of the plan my dear
It's all part of the plan my dear
It's all part of the plan my dear Between me and my old man
Just gotta get away from here
Gotta get away from here
Gotta get away from here
Gotta get away from here

Gotta get away from here
