Shadow

Marcel

Every morning when the sun comes up
On the east side, I catch a buzz
Lying next to you, roll over, and kiss your cheek
Just because
And the paper comes we pour a cup of Joe
Hey baby, theres something I want you to knowIf you need a hand, hold on
Ill be there beside you
If you stumble, I wont let you fall
Ill be right behind youIf you find youre losing your way
Ill be the one to guide you home
Youre not alone
Im behind the sunshine and in the wind that blows
Im your shadowNa na na na
Na na na na na, na naWhen the sun goes down, what a sight
I thank you, girl, for bein part of my life
Then we order take-out, turn on the tube
I rub your back because I want to
Then we wash our faces and brush our teeth
Time to go to bed, but even in your dreamIf you need a hand, hold on, Ill be there beside you
If you stumble, I wont let you fall, Ill be right behind youIf you find youre losing your way
Ill be the one to guide you home
Youre not alone
Im behind the sunshine
And in the wind that blows
Im your shadow, your shadowIf you need a hand, hold on
Ill be there beside you
If you stumble, I wont let you fall
Ill be right behind youIf you find youre losing your way
Ill be the one to guide you home
Youre not aloneIm behind the sunshine
And in the wind that blows
Im your shadowNa na na na
Na na na na na, na naYour shadow
Your shadowNa na na na
Na na na na na, na naEvery morning when the sun comes up
On the east side I catch a buzz
