

Take It Easy

Greg Laswell

Take it easy,
I was on my way.
Take it easy,
You're the only one in your way.
Take it easy,
You played the fool this way.
Take it easy,
Just for one day. Well you know about nostalgia,
Enough to keep it in this place. And one thing to watch you waste your time.
One thing to watch it all.
You made it funny,
You made it funny,
I'm not laughing at all.
Take it easy,
Gonna throw myself down the stairs,
And say it was a ghost that pushed me,
In this little haunted house of ours.
And no I don't believe in ghosts and ghouls,
But then again I believed in you. And I know about nostalgia,
It's the only thing that's haunting you. And one thing to watch you waste your time.
One thing to watch it all.
You made it funny,
You made it funny,
I'm not laughing at all.
Take it easy,
I was on my way.
Take it easy,
You're the only one in your way.
Take it easy,
You played the fool this way.
Take it easy. You made it funny,
You made it funny,
I'm not laughing at all.
