Day By Day

The Hooters

Give me what you can tonight
Time is all we have to play
Tell me you can't live without me
Tell me every day by day by day
nothing last forever, only fades way
day by day

Give me what you can tonight
I'm back tomorrow anyway
Show me some appreciation
Show me every day by day by day
The chance you gotta take, the price you gotta pay
Day by Day.

And if you break down , I will remind you, Ohh of what you were yesterday.
You can break down, I'll be behind you every,every everyevery, Day by Day by Day.
