Always

Ginny Owens

I've heard it said, all the best things are free
But it seems all good things have a price
Your love is more than I deserve to receive
And Your love wants no less than my life
But as You lead me by the hand, I've begun to understandYou are always good, always knowing
Always loving, always
And though I can't see clearly where we're going
I know You're always good, alwaysWhen I was a child, I thought like a child
And life seemed so simple to me
Now I have grown and I've come to know
That I live in endless mystery but as I search
To find the truth, I keep finding more of YouYou are always good, always knowing
Always loving, always
And in my finest hour or my darkest moment
I know You're good, alwaysSo when my life is full of trouble
Still my heart will know Your peace
'Cause You're forever faithful
Holding me throughout eternityYou are always
