

# Counting on You

## The Kickdrums

Wide eyed kid drifting in the sun  
Up the dose now i'm feeling numb  
the light are on...but no ones home  
Ohhh the lights are on...but no ones home Sing me a song to cheer me up  
Clear my thoughts and ease the pain away  
Cuz im lost in my head  
I cant wake up so i'm counting on you  
Counting on you...Give him something to talk about  
Up the dose now the truth comes out  
the light are on...but no ones home  
Ohhh the lights are on...but no ones home Sing me a song to cheer me up  
Clear my thoughts and ease the pain away  
Cuz i'm lost in my head  
I cant wake up so i'm counting on you  
Counting on you...
