Right Here Waiting

Boyzone

Let it go, don't be scared to breathe again
It's alright, close your eyes
And together we can feel what it's like, to live again
Embrace this world and hold on tight until the end
You don't have to do this alone
'Cause I'm right here
I'm right here standing by
You don't have to do this alone
'Cause I'm right here
I'm right here always for you
Always for you
Here we go from this moment we are born to be one
In your eyes I can see the stars they shine on and on
So let's be strong and let's be brave
Take my hand and lead the way
You don't have to do this alone
'Cause I'm right here
I'm right here standing by
You don't have to do this alone
'Cause I'm right here
I'm right here always for you
Always for you
Always for you
Together, we'll be together
Always, always together
And we'll be together
Always, always
You don't have to this alone
'Cause I'm right here
I'm right here standing by
You don't have to do this alone
'Cause I'm right here
I'm right here standing by you
I'm standing by you
