Living Proof

Hilary Weeks

I've been asking
He's been sending
Miracles
Seen them all
Both big and small
And theyre beautiful
I can see the hand of God
Along this road of faith
Living proof
I am evidence
That His love is real
Seen the truth
And I can't deny
How it makes me feel
He heals, He knows, He gives, He cares
He hears, He shows, Hes always there
I'm living proof
I've been praying
He's been listening
To every word
I've been searching
He's been leading
And I know I'm heard
I can see the hand of God
Along this road of faith
Living proof
I am evidence
That His love is real
Seen the truth
And I can't deny
How it makes me feel
He heals, He knows, He gives, He cares
He hears, He shows, Hes always there
I'm living proof
