# Hotter Than Fire

## Eric Saade

i'm dressing up for tonight, don't need no list no invite
i'm here to dance, dance, da-da-dance, dance
we headed straight to the bar,
one drink became many more
we here to dance, dance, da-da-dance, dance
moving, moving i feel the vibe is getting loud yeah
moving, moving, and now the club is overcrowded
and at the top of the night,
i caught her right in my sight
i took a chance, chance
chorus:
she's cooler than ice
flyer than wind
hotter than fire
this is the night
i'm burnin' within
she's hotter than fire
dev
i say i'm flammable i'm tnt
light it up
she's hotter than fire
dev
i say i'm flammable i'm tnt
light it up
she's hotter than fire
eric saade:
she rocks that outfit for me
red dress h-o-t indeed
so i advance-vance, advance-vance
her silhouette triggers death
she's got me catching my breath
she's so advance-vanced, advance-vanced
moving, moving i feel the vibe is getting loud yeah
we're meant to be, no doubt about it
and at the end of the night,
i'm leaving right by her side
i took a chance, chance
chorus:

she's cooler than ice
flyer than wind
hotter than fire
this is the night
i'm burnin' within
she's hotter than fire
dev
i say i'm flammable i'm tnt
light it up
she's hotter than fire
dev
i say i'm flammable i'm tnt
light it up
she's hotter than fire
dev:
i said i'm tnt
burning up get up out your seat
they try but can't compete
cause i'm complete
i said i'm tnt
burning out get up out your seat
they try but can't compete
cause i'm complete
eric saade:
she's cooler than ice
flyer than wind
hotter than fire
this is the night
i'm burnin' within
she's hotter than fire
dev:
i say i'm flammable i'm tnt
light it up
eric saade:
she's hotter than fire
dev:
i say i'm flammable i'm tnt
light it up
she's hotter than fire
