

# Panic and the Should Attacks

[Nico Stai](#)

I just want you to know  
that no one 's ever gonna know  
I just want you to see  
that underwater you won't breathso lay it down now  
'cause it's gonna be the best thing for us both  
if panic should attack  
you turn your head  
you walk right back  
if panic should attack  
you turn your head  
you walk right back  
you walk right backthe same voice that follows you  
keeps putting things into my dreams  
they'll come to say it isn't real  
but I think it is  
I think it isyou'll learn to cut cut  
to cut away the things you hate the most  
if panic should attack  
you turn your head  
you walk right back  
if panic should attack  
you turn your head  
you walk right back  
you walk right backsomeone just cut off their faith in younico stai 2006 sin paloma music
