All I Want (Ray Porter Edit)

Sarah Blasko

I don't want another lover
So don't keep holding out your hands
There's no room beside me
I'm not looking for romance
Say I'll be here, I'll be here
But there's no way you'd understandAll I want
All I want
All I want
When I don't even know myselfI don't want another partner
So don't try and break the spell
I can't even understand me
So don't think that you can help
When I say things and see things
That's no way on earth to tellWhat I want
What I want
What I want
'Cos I don't even know myselfNo-one wants to be lonely
But what am I to do?
I'm just trying to be honest
I don't want to hurt you too
When I'll be there, I'll be there
I know I sound confusedBut all I want
All I want
All I want
All I want
All I want
See, all I want
All I want
Is to one day come to know myself
