

Tradewinds

Pepper

My heavens low but the songs the same
Seems I'm always lookin' when I hear your name
You've been away but don't leave this side
Seen all of your faces you've tried to hide So I'm sitting here in a train station
Lord, knows I step with no hesitation
Oh, I've seen through your lies
Still I'm one, still I'm one to testify And I say, "I'll find a way to let you know
Hold me close when trade winds blow
Chances are you're over me
I'll catch that train eventually" To the questions that you're asking
I've only expected everything
These arms of mine are burning
As I see, as I see those pages turning And I say, "I'll find a way to let you know
Hold me close when trade winds blow
Chances are you're over me
I'll catch that train eventually" I'll find a way to let you know
Hold me close when trade winds blow
Chances are you're over me
I'll catch that train eventually My heavens low but the songs the same
Seems I'm always lookin' when I hear your name
You've been away but don't leave this side
Seen all of your faces you've tried to hide So I'm sittin' here in a train station
Lord, knows I step with no hesitation
Oh, I've seen through your lies
Still I'm one, still I'm one to testify And I say, "I'll find a way to let you know
Hold me close when trade winds blow
Chances are you're over me
I'll catch that train eventually" I'll find a way to let you know
Hold me close when trade winds blow
Chances are you're over me
I'll catch that train eventually Said I'm sorry
Said I'm sorry
I'm a lover
I'm a lover who says, he's sorry Said I'm sorry
Said I'm sorry
I'm a lover
I'm a lover who says, he's sorry Said I'm sorry
Said I'm sorry
I'm a lover

I'm a lover who says, he's sorry
