I.D.G.A.F

G-Ball

A constant red on for days and days
I see those lights reflected on your face
Everything can change the the moment that you blink,
But I don't mindSo if you wanna come in then come in
Disintegrate into me tonight
And if you wanna give in then give in
Anything that you feel is rightEven if this chemistry's catastrophe
I don't give a fuck (I.D.G.A.F.)
If you wanna taste then take a bite right out of me
I don't give a fuck (I.D.G.A.F.)Freezing time like a strobe on you
Breathing in electronic fumes
We've made our minds and we've made our bed,
So lets sink inSo if you wanna come in then come in
Disappear into me tonight
And if you wanna give in then give in
Anything that you feel is rightEven if this chemistry's catastrophe
I don't give a fuck (I.D.G.A.F.)
If you wanna taste then take a bite right out of me
I don't give a fuck (I.D.G.A.F.)If you wanna come in, then come in
Disappear into me tonight
If you wanna give in, then give inEven if this chemistry's a catastrophe
I don't give a fuck (I.D.G.A.F.)
If you wanna taste then take a bite right out of me
I don't give a fuck (I.D.G.A.F.)We're not built to last, shatter like glass,
so come on, come on
I don't give a fuck (I.D.G.A.F.)
I can't remember anything, like what's your name?
I don't give a fuck (I.D.G.A.F.)
