Suddenly (ZOEgirl)

ZOEgirl

Solo, lonely and afraid
Hold on, some thing's bound to break
Falling down, running from the promised land
Midnight, and I'm still awakeDon't feel right, haven't slept for days
I'm so tired my thoughts are getting weak
And I'm wired, can I get some peace?Suddenly You are here with me
Finding a reason to believe
I know You'll be here to the end of time
And when the night falls all around
My frightened heart the only sound
I know You'll be here to the end of timeMaybe it was my mistakes
That kept on pulling me away
I was still living yesterdayThe message that I want to relay
Without Him, there's no other way
So don't try to make it on Your own
When You're lost, He will lead You homeSuddenly You are here with me
Finding a reason to believe
I know You'll be here to the end of time
And when the night falls all around
My frightened heart the only sound
I know You'll be here to the end of timeCan't imagine life without Your hand in mine
I can't believe I've lived this long without You
I know that You will find a purpose for my life
Beyond my wildest dreams, beyond what I can seeSuddenly You are here with me
Finding a reason to believe
I know You'll be here to the end of time
And when the night falls all around
My frightened heart the only sound
I know You'll be here to the end of timeSuddenly You are here with me
Finding a reason to believe
I know You'll be here to the end of time
And when the night falls all around
My frightened heart the only sound
I know You'll be here to the end of timeSuddenly You're here and I'm not alone anymore
When the night falls 'round, I am not alone anymore
