

# Down By the River

## The Booth Brothers

Bouncin' off the bottom, Lord, drownin' in despair  
Used to think there was no satisfaction anywhere  
Now I'm walkin' every day a big smile on my face  
Everybody's askin' me where I found this state of grace  
Say where ya been? (down by the river)  
Are ya goin' again? (down by the river)  
What ya gonna do then? (down by the river)  
Get on my knees and pray  
Gonna talk it out. (down by the river)  
What it's all about? (down by the river)  
Not a shadow of a doubt (down by the river)  
Thank you, Lord, I'm saved. Everyone around the world no matter who they be  
Men and women, boys and girls, sinners just like me  
Rich, poor, hypocrite all benefit the same  
Make a trip, take the dip.  
Brother, you'll be glad you came.  
Say where ya been? (down by the river)  
Are ya goin' again? (down by the river)  
What ya gonna do then? (down by the river)  
Get on my knees and pray  
Gonna talk it out (down by the river)  
What it's all about? (down by the river)  
Not a shadow of a doubt. (down by the river)  
Oh thank you, Lord, I'm saved. Get on my knees and pray (gonna talk about it)  
Thank you, Lord, I'm saved (gonna talk about it - down by the river)  
Get on my knees and pray (gonna talk about it)  
Thank you, Lord, I'm saved (let's go down - down by the river - river)  
River You may have a high or low opinion of yourself  
Either way don't think that you're above nobody else  
Well, there's all kinds of right or wrong we're all gonna do  
Keep in mind there comes a time when it will be asked of you  
Say where ya been? (down by the river)  
Are ya goin' again? (down by the river)  
What ya gonna do then? (down by the river)  
Get on my knees and pray  
Gonna talk it out (down by the river)  
What it's all about? (down by the river)  
Not a shadow of a doubt (down by the river)  
Thank you, Lord, I'm saved. Tell me where ya been? (down by the river)  
Are ya goin' again? (down by the river)

What ya gonna do then? (down by the river)  
Get on my knees and pray  
Gonna talk it out. (down by the river)  
What's it all about? (down by the river)  
Not one shadow of a doubt. (down by the river)  
Oh, thank you, Lord, I'm saved. Gonna talk it out. (down by the river)  
What's it all about? (down by the river)  
Not a shadow of a doubt. (down by the river)  
Oh, thank you, Lord, I'm saved. Thank you, Lord, I'm saved.  
Thank you Lord.  
Well... well... Thank you, Lord, I'm saved.
