

I'm Coming Home

Tom Jones

I'm coming home to your loving heart
Till the one that I was
True way and broke apart I want you, I need you
A chance is on, I'm asking now
I must get back to you, so now So I am coming home to you
'Cause I am nothing without you
Maybe you found somebody new
'Cause I'm still coming home to you Please let me stay and forget your pride
Now my world is falling 'round
I got know when behind I want you, I need you
I know with true, I made you cry
Then like a fool I say goodbye Now I am coming home to you
Yes, I am nothing without you
Maybe you found somebody new
But I'm still coming home to you
