

# Isn't It Always Love

[Lynn Anderson](#)

Karla Bonoff - Isn't It Always Love  
Isn't always love that makes you hang your head  
Isn't always love that makes you cry  
And isn it always love that takes the tears away  
And I wouldn't have it any other way  
I went out for a walk last night  
The stars were out and the moon was bright  
A little voice inside my head  
It hit me hard, this is what it said  
Isn't it always love that makes you hang your head  
Isn't it always love that makes you cry  
And isn it always love that takes the tears away  
And I wouldn't have it any other way  
When you find someone that's true to you  
Some days are up and oh some days are blue  
Just don't go and throw it all away  
Wait a minute, you gotta hear what I say  
Isn't always love that makes you hang your head  
Isn't always love that makes you cry  
And isn it always love that takes the tears away  
And I wouldn't have it any other way  
I used to think that love was just a loser's game  
And I swore that I'd never play to lose again  
But now I know  
Now I see  
Isn't it always love that makes you hang your head  
Isn't it always love that makes you cry  
And isn it always love that takes the tears away  
And I wouldn't have it any other way more:  
Fade Out
