Gas Panic!

Oasis

What tongueless ghost of sin crept through my curtains? Sailing on a sea of sweat on a stormy night I think he don't got a name but I can't be certain And in me he starts to confideThat my family don't seem so familiar And my enemies all know my name And if you hear me tap on your window You better get on your knees and pray panic is on the wayMy pulse pumps out a beat to the ghost dancer And my eyes are dead and my throat's like a black hole And if there's a God would he give another chancer An hour to sing for his soul'Cos my family don't seem so familiar And my enemies all know my name And when you hear me tap on your window You better get on your knees and pray panic is on the way'Cos my family don't seem so familiar And my enemies all know my name And when you hear me tap on your window Then you get on your knees and you better pray'Cos my family don't seem so familiar And my enemies all know my name And when you hear me tap on your window You better get on your knees and pray Panic is on the way, panic is on the wayPanic is on the way Panic is on the way Panic is on the way
