

# Conrad Tokyo

## A Tribe Called Quest

[Verse 1: Phife Dawg]

Conrad Tokyo, a far road, pistachio

Just young national

Dog is on sabbatical

[?] watching [?]

Fall attention, fallin' in

CNN and all this shit

Why y'all cool with the fuckery

Trump and SNL hilarity

Trouble some times kid, no times for comedy

Blood clout, you doing

Bullshit just spewing

As if this country ain't already ruined

And [?] he's mumbling, fumbling, swearing, they rate us

Our mind outdated us, if we did then they hate us

We ended our hiatus as dogs looking for food

The nucleus is here now (ooh)[Verse 2: Kendrick Lamar]

Terror nation for devastation, got a hunger for sin

Every nation, Obama nation, let the coroner end

Look at faces, red and blue laces for the color of men

Just embrace it and die alone, a song, Revelation

Revenants and cattle racing

Devils and demons endure around me

Fumigate all economy, illuminate broken dreams

And manifests all this sanity

Look around, sayonara tomorrow, hachis blood on the ground[Hook: Kendrick Lamar & (A Tribe Called Quest)]

Sayonara tomorrow, hachis blood on the ground

(Conrad Tokyo, a far road, pistachio)

Sayonara tomorrow, hachis blood on the ground

(Conrad Tokyo, a far road, pistachio)

Sayonara tomorrow, hachis blood on the ground

(Conrad Tokyo, a far road, pistachio)

Sayonara tomorrow, hachis blood on the ground

(Conrad Tokyo, a far road, pistachio)

Sayonara tomorrow, hachis blood on the ground

Conrad Tokyo, a far road, pistachio

Conrad Tokyo, a far road, pistachio

Conrad Tokyo, a far road, pistachio][Outro: A Tribe Called Quest]

Conrad Tokyo, a far road, pistachio

Conrad Tokyo, a far road, pistachio
