Warrior

Yeah Yeah Yeahs

When it?s missing then you want it more, it isn?t right
Turning, turning out the door and back to this
Leave it like it was before and let me out
Must have been the end of the story
Giving it all, giving it all away
You?re gonna wake up someone
Well, study it all, the wings, the crowd, your face
You?re gonna end up like one
Well, trouble at home, travel the way you say
The road don?t like me
Travel away, travel it all away
The road?s gonna end on me
Men, they like me ?cause I?m a warrior, a warrior
Stand on my feet, dance the warrior, the warrior
Where would I be? I?d be a warrior, a warrior
Now the strangers have caught on and they?re riding in the backseat
The river?s gonna wash all, yeah, the river it spoke to me
It told me I?m small and I swallowed it down
If I make it at all, I?ll make you want me, hey, hey
Trouble at home, travel the way you say
The road don?t like me
Travel it all, travel it all away
The road?s gonna get on me
And I?m small
The road?s gonna get on me
Well, if it gets it at all
The road?s gonna end on me, hey, hey, hey
Like a warrior, a warrior
Dance the warrior, the warrior
