Gorillaz

Try to see myself what goes on
Make it up myself, I'll never
Always told my thoughts aloud
Then another day I shut up
Back to the sand, doing what you can
Bound to be gone, danged a loser
Found out right then they were fed up
'Cause everybody said to shut up
Yeah! Thought that you might care what goes on
Try to say what up? I'm fed up
Everybody said to shut up
The last time I told them what up?
