Chop Suicide

Consumed

It's a part of me. It's just the way I am
and I love the way, that it makes me feel today.
It can be arranged, I can make you see,
take a piece of mind and look inside of me.
There is nothing better than to spend the day with you,
doing all the things that you really shouldn't do.
Give them time of day, take it all away.
Keep it to ourselves, better off this way.
chorus:
It's just a feeling, just a feeling,
just a feeling I can do without.
chorus.
Look at all the fools,
wind them up and watch them go.
Looking for the answers only we know.
I don't mean to brag, I've got it in the bag.
I'm a lucky man, appreciate it while I can.
chorus (2x).
