

Why Don't You And I

Santana (feat. Chad Kroeger)

Since the moment I spotted you
Like walking around with little wings on my shoes
My stomach's filled with the butterflies
And it's alright Bouncing round from cloud to cloud
I got the feeling like I'm never gonna come down
If I said I didn't like it then you'd know I'd lie Every time I try to talk to you I get tongue-tied
Turns out that everything I say to you
Comes out wrong, it never comes out right So I say why don't you and I get together
Take on the world and be together forever
Heads we will, tails we'll try again So I say why don't you and I hold each other
Fly to the moon and straight on to heaven
'Cause without you they're never gonna let me in When's this fever gonna break?
I think I've handled more than any man can take
I'm like a love sick puppy chasing you around
And it's alright Bouncing round from cloud to cloud
I got the feeling like I'm never gonna come down
If I said I didn't like it then you'd know I'd lie Every time I try to talk to you I get tongue-tied
Turns out that everything I say to you
Comes out wrong, it never comes out right So I say why don't you and I get together
Take on the world and be together forever
Heads we will, tails we'll try again So I say why don't you and I get together
Fly to the moon and straight on to heaven
'Cause without you they're never gonna let me in Slowly I begin to realize
This is never gonna end
But about the same time you walk by
And I say, "Oh, here we go again, oh" Every time I try to talk to you I get tongue-tied
Turns out that everything I say to you
Comes out wrong, it never comes out right So I say why don't you and I get together
Take on the world and be together forever
Heads we will, tails we'll try again So I say why don't you and I get together
Fly to the moon and straight on to heaven
'Cause without you they're never gonna let me in So I say why don't you and I get together
Take on the world and be together forever
Heads we will, tails we'll try again So I say why don't you and I get together
Fly to the moon and straight on to heaven
'Cause without you they're never gonna let me in
