Rot 'n' Roll

Carcass

Now can you smell the rot?
As opportunity knocks the foul stench of success
This carcass in decay, well past it's sell-by date
This time the fall comes before the prideThe chameleon's changed its shade
But the same old song to the same old tune is played
Falling to the bait but the song still sounds the same
Let's rot, c'mon, rot, rotThis carcass in decay
Tell me, can you smell the rot?The chameleon's changed its shade
But the same old song to the same old tune is played
Kill me, it's unbrave but the song remains the same
Let's rot, let's rot, c'mon, rot
