

Wet the Bed (feat. Ludacris)

Chris Brown

Hear the sound of your body drip, drip, drip
As I kiss both sets of lip, lip, lips
Hear the sound of your body drip, drip, drip
As I kiss both sets of lip, lip, lips I ain't afraid to drown,
If that means I'm deep up in your ocean, yeah
Girl I'll drink you down, sipping on your body all night
I just wanna take your legs an' wrap 'em round
Girl you cummin' right now
My head to your chest feeling your heartbeat girl
Swimming all in your sea, and you sweatin' all over me
Bring it forward, don't you run run
I don't want to be a minute man
Baby you're just like a storm
Rainin' on me girl, your soakin' wet, ooh whoa [Chorus]
I'ma kiss you right, yea, yeah
I'm gon' lick all night, yea, yeah
Girl, when I'm inside yea, yeah
Yeah girl, you heard what I said
I'm gonna make you wet the bed bed bed
I'm gonna make you wet the bed bed bed
I'm gonna make you wet the bed bed bed
I'mma put your legs behind your head
When I make you wet the bed You don't know what you in for
Bout to get into your mental, huh
Bend you back like its limbo
I'm gon' make you feel like a Nympho
Tonight (ooh) you're mine, baby girl, uh Anytime you want it
I'm ready and willin' gotta give it
I start to lick on your body, you go to trembling
Flip it around girl, let me get it from the side
And can I visit all those spots you like
Your neck, your back, your sexy lips booty and thighs I don't want to be a minute man
Baby you're just like a storm
Rainin' on me girl, your soakin' wet, yeah yeah [Chorus] Luda!
I'ma make your body wetter than ever
We'll get together you could tell as soon as I approach her
When you feelin' uptight get it right
Don't fight, lighten' up like Sammy Sosa
Women call me the super soaker

And I'ma soak your bed to death (death)
How long can you hold you breath (breath)
Asthma attackin' waking up, wondering what happened
Makin' me hot like Toni Braxton
You can't deny you wanna break my back in, two
What you wanna do, look at you with your birthday suit, suit, suit, suit
The forecast said it's cloudy tonight
And I'ma have your body like blue, blue, blue, blue[Chorus]Hear the sound of your body drip, drip, drip
As I kiss both sets lip, lip, lips
Hear the sound of your body drip, drip, drip
As I kiss both sets lip, lip, lips
