

# What Did I Do?

## The Correspondents

What did I do,  
to deserve that fear coming true, (ooh)  
that fear coming true, Did I say too many things  
in rage to friends, to lovers to family?  
Did I cause them pain at any stage?  
None of it was meant intentionally,  
Did the powers that be look down on me and think  
we'll balance him out by taking away the one thing we know he can't live without? What did I do,  
to deserve that fear coming true, (ooh)  
that fear coming true, Now I face up to losing you  
One thing I thought I'd never have to do,  
and still I stare at people walking in the street  
and think that some must have done worse than me  
Those who greet their wives with booted feet  
or those who steal from the elderly  
Why couldn't this hand be dealt to them (in an eye for an eye)  
Rather than giving me this  
I cannot understand no matter how hard I try? But life is not a case of doing good and good will come,  
The blackest thoughts can reap rewards  
when black deeds have been done  
No one can predict which fan this type of shit will hit  
This was not the piece of the puzzle that was designed to fit Oh No What did I do,  
to deserve that fear coming true What did I do,  
to deserve that fear coming true What did I do,  
to deserve that fear coming true
