Casanova

Knapsack

Casting me plaster
It's dry today
Can't spell disaster
Can't spot the taste
And I don't understand
This movie of the week
Counting underhand
It happens while I sleep(Chorus)
Casanova takes this over, pushing through
Casanova pulls one over, over you
Casanova takes this over, pushing through
Casanova pulls one over, lights the candle up for youCan't beat the bastard
He's on the make
Forcing it faster
Can't stop to wait
And I don't understand
This movie of the week
Counting underhand
He's coming off so deep(Chorus)
Casanova takes this over, pushing through
Casanova pulls one over, over you
Casanova takes this over, pushing through
Casanova pulls one over, lights the candle up for you
