

Two

Shannon McArthur

This is what it's all about, now girl I'm a gonna take you out, I know you had it rough, just tell me about your
day, now i dont give a damn, girl what the others say, ill waste away this day, with you, are everything i wan't
and need, my car's out back and you don't have to stay
cuz I'm okay when I'm with you and your okay when i feel you, and we're okay when I hold you tight, i can
make everything alright
pick it up, it's time to smile, i see by your lips that it's been awhile, you've been grounded but i'm reaching for
the stars, you know the face you make after you're making fun of me, I can't deny that I love the way that I love
you, are everything I want and need, my car's out back and we don't have to stay
cuz I'm okay when I'm with you and your okay when i feel you, and we're okay when I hold you tight, i can
make everything alright
yeah, love is what you make it, that's what I said alright, yeah, but girl it takes two, you know that I'm devoted
to you
cuz I'm okay when I'm with you and your okay when i feel you, and we're okay when I hold you tight, i can
make everything alright
