Chris Cayton

Goldfinger

You taught me how to play guitar
You told me that I'd go far, just by tryin'
Yeah, just by tryin'
When we were kids playin' Social D
Spiritual man on LSD, we were fryin'
Yeah, we were fryin'
Once in a while you'd fuck with me
The ground on my bass and it shocked me
Chris Cayton, I called you Satan
'Cuz when we were skatin'
You would make the metal sign
You got kicked out of school for wearin' profanity
'Too drunk to fuck' said the Dead Kennedys'
On your button, your punk rock button
You were born in S.I.T
Vegetarian man no BLT on your muffin
No turkey stuffing
Once and a while I'd surf with you
And our first band was called IMRU
Chris Cayton, I called you Satan
Yeah, 'cuz when we were skatin'
You would make the metal sign
You taught me how to play guitar
You told me that I'd go far, just by tryin'
Yeah, just by tryin'
When we were kids playin' Social D
Spiritual man on LSD, we were fryin'
Yeah, we were fryin'
Once in a while you'd fuck with me
The ground on my bass and it shocked me
Yeah, it shocked me
Chris Cayton, I called you Satan
'Cuz when we were skatin'
You would make the metal sign
Chris Cayton, I called you Satan
'Cuz when we were skatin'
You would make the metal sign
